

EMERGENCY CLOSING OF THE LIBRARY

The library building may be closed to the public because of severe inclement weather or natural disasters. The Library Director, in consultation with the City Administrator, shall determine the need for closing the building. The decision should be relayed to the President of the Library Board as soon as possible. Proper and full public announcements should be made regarding the library closing. Such closing should be reported in the Library Director's Monthly report.

Whenever it is necessary to close the Library for a non-emergency, the Library Board reserves the right to be consulted at a regularly scheduled Library Board meeting

Adopted by the Library Board on 1/10/2002, revised 6/8/2006, 12/10/2009
