

Pawnee Park Legion Field "Wall of Hero's"

Park Board Members

4/10/2023

The initial concept of designing a Veterans Memorial Wall began with a \$2,500 donation to the American Legion Athletic Committee from the family of Bill Jackson following his passing last year.

When it was decided to remove two sets of bleachers down the right field baseline (see pictures) prior to the start of the High School season, an idea of Tom Ek, and approved by the Legion Athletic Committee, the area was ideal for such a project.

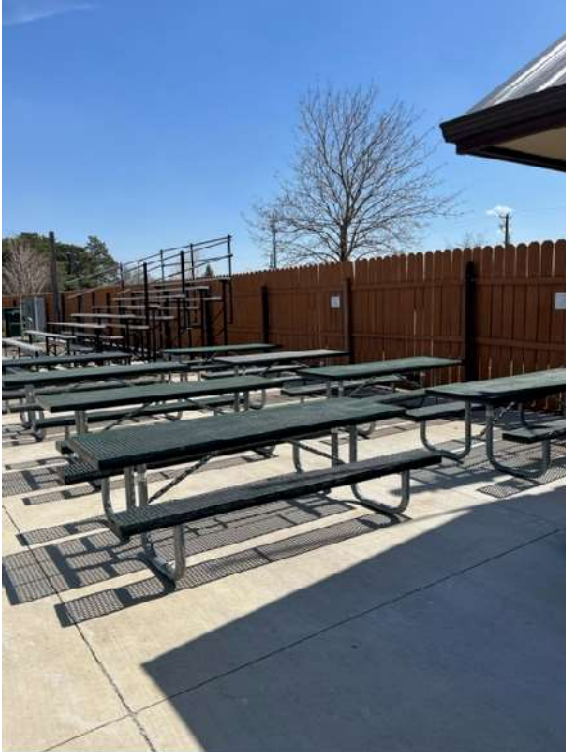

A meeting was held with Scott Jackson and the concept and design (see attached) was presented to him. He discussed this with his mother, and they were both extremely excited and committed to the idea.

It was presented to the Athletic Committee Board and approved.

The design was then presented to and approved by the American Legion Hartman Post #84 Executive Committee as well as Legion members at the Post meeting.

A handwritten signature in black ink, appearing to read 'Ken Robinson', followed by a long horizontal line extending to the right.
